Don't think I will be able to make the re-union so I had better send in my bio.

Here goes...

After leaving school I studied with Mark Vilimaa (g'day mark) and a few others from Penno High at the University of NSW. Seems strange to think of "free" education back then.

Lived in Sydney {really should have bought back then} before work took me to the country {not so busy/noisy}. As a surveyor, worked on Engineering projects progressively in Newcastle, Mittagong, Wollongong, Bathurst and now finally Canberra. Along the way, married "Sally" and had 3 children (1 boy, 2 girls), all firmly entrenched in schools/sport{soon uni} in Canberra.

Changed along the way from Surveying to Computing as work far more interesting and stable -- which is better for family/kids. For those who know my family, my father died in 1996 {smoker } but mum's fine. Brother Don lives in Warrong & we're all still involved in soccer.

Still have regular contact with peter engelbert, who lets me know what's going on with garry watts, steve lyons & jim ebert. Recently went to peter's son's 21st at Cheltenham. Am related to steve workman so family shares this info around.

Best wishes to everyone.

I had some recent photos and put them all on the scanner together so someone might be able to edit.

Great to hear about the reunion. I'm planning to attend and looking forward to catching up. It's interesting to read the news from others on the website.

Received the information about the reunion from Jenny Bailey (nee Longmore) and have been in contact with several others: Amanda Dunn and Sue Michie (nee Woollams). Sue will contact Adele Timms. I will also contact Cathy Standard. Cathy still lives in Pennant Hills. Sadly, Ginger Owens died some time ago (must be about 20 years). I remember attending her pre wedding party in 1978 and Debbie Allan was there. Back in the early 1980s I

caught up with Jacqueline Yeo while I was working at Dubbo. Don't remember her married name but she was teaching at the primary school. I think there were a few others that I remember who left after the School Certificate and aren't on the list. For instance, I met Mandy Lidbetter in Thredbo ages ago. At the time she had moved to WA. Another was Esther, who lives two houses away from my parents in Pennant Hills. I'll check with Esther.

My parents attended the funeral of Mr Brian Thomas, English Master, several weeks ago. His brother also taught at our school. I caught up with Mrs Tania Sanders, Science Teacher, who left Pennant Hills High and was working at Hornsby TAFE about 20 years ago.

As for me -- I moved to Waverton about two years ago. Started my career as a teacher of Secretarial and Administration Studies and have remained a public servant with TAFE NSW for nearly 30 years!! Worked at many Colleges around the state until the early 1990s. Due to a major Dept. of Education and Training (DET) restructure I'm now "potentially displaced" and voluntary redundancy is one option. Will probably find another position in the Department but a sea change is very tempting.

Like many others I enjoy travelling. I'm usually skiing various Canadian resorts during February and March. Maybe not this year because of the timing of the DET restructure. But if there's another really good dump of snow I might be on the next available flight.

Trained recently as a Yoga Teacher (with Swami Sarasvati -- some may remember her on the 10 network). I can be found on Saturdays at the Rejuvenation Farm at Kenthurst.

Karen Davis (nee Ayliffe)

Have been in the middle east for 10 weeks, so sorry to be slow to responding. Bev Clare has informed me of the reunion & I will be there. I'm now living in Dural & have been for the past 24 years. Been married for 27 & have two Children (now adults Amy 24 & Ben 22). Neither are married & no grandchildren. When I left school in yr 4 (now 10) I did nursing for 5 years. After I got married I helped John in his business in the office etc, & have been doing that ever since. Have kept in touch with a few girls from school, Bev Clare, Jenny Sullivan, Chris Cain, Michelle Johnson & have informed them also. Looking forward to seeing everyone.
