Hi everyone - I am really looking forward to seeing many old friends again on June 12th. After High School I trained as a Primary teacher at Macquarie Uni. I was posted to Bowral, where I stayed for 3 years. Took a year out to go back-packing around the world with Heather Andrews (Cant). When I returned, I retrained as a Teacher-Librarian. I married in 1984. For 16 of the 20 years we have been married, I have lived in England with my husband, Nigel (Year of '72) and our daughters Rachel (16) - born in England and Emma (14) - born in Sydney. We live near Henley on Thames in Oxfordshire in a rural village. We have been fortunate to be able to return to Sydney at least once a year, so I have kept in contact with many school friends. After reading the biographies on the website with great enjoyment, I decided I couldn't miss the reunion, and I look forward to catching up with you in June.
