### Cathy Harley (Brookhouse)

Hi Michael, Thanks for contacting me. It sure has been a long time. The reunion is a great idea and I will sure to be there - I wouldn't miss it. At least we all will be 30 years older! I'll keep in touch with the website and if you can let me know more details that would be great. I don't have too many old contacts but I'll be sure to let anyone know. Regards, Cathy

### Linda Dean (nee Harris) Class of '73

It is a shame that I can't make the big reunion. So much time and effort has been put into the organising of the weekend, I feel I am really missing out. Unfortunately I have commitments over in Europe just after the date and can't make it.

I graduated in Biology from Macquarie University 4 years after leaving Penno. I became a Science and Maths teacher and worked in country and city schools. Suffering from itchy feet (or at 29 "the Saturnal Return" they call it), and a new found love of travel I took off for 6 months to travel to Africa and the Middle East, Europe and Britain to see the bits I had missed in previous brief backpacking sorties in my holidays. On my return I completed Post Grad Diploma of Environmental Studies and after a few years headed off to Borneo on a contract. There I met my husband, Martyn, an Airline pilot, and after several years we set off to live in Europe where we have had many more civilized experiences and had to put the sarongs away.

Marriages: two (second not out) Divorces: 1 Children: 2 Stepsons

Have fun everyone at the reunion. I have enjoyed reading the bios on the website.

### Rowena Warby (nee Hawton)

Hi Michael,

I phoned Rowena Warby, nee Hawton last night and emailed her the website today.

Regards,  
Jeannine Angilley
