Congratulations, Col, on becoming a grandpa for the second time on January 16, 2004 to a healthy baby boy! 6 lbs 12-1/2 ozs.

Above: Col and grandson Kyle.

Below: Col's daughter Amber and his grandchildren Tayla and Kyle.

**Colin Sattler**

THIRTY YEARS!!

Studied carpentry and joinery at Meadowbank Tech and LOVED it - eventually became a builder - Married in 80 - son Ken now 22, daughter Amber now 20. Divorced 1st time 87 - then again in the 90's sometime - same girl TWICE!! (haha - I was a slow learner at school too!)

Worked south coast, out west, northern rivers, and around Sydney, building mainly residential and resurrecting good ol houses from the grave, but also specialized in retirement units for some time.

Last century I designed and patented a formwork system for lightweight concrete construction - and lost my SHIRT! haha!

I survived motorbikes, marriage, parenting and divorce - guess most of us have.

Just kicking back a bit nowadays and REALLY enjoying bein the BEST ever GRANPAPPEE :)

Plan this year to move to God's country up north to spend lots more time (AND money) with Tayla (2 1/2) and Kyle, on the gold coast.

Have a Suzuki RMX 250 now - scaled down a LOT from the past road bikes, but it is still pretty potent!

Actually getting quite enthused about the reunion - well - for a phlegmatic! It's GREAT to catch up with folk from school after all this time - I hope many more of you log on WITH your bio - HEY - you have NOTHING to lose - come on!

I won't laugh at YOU if you don't laugh at ME:)

C U THERE:)

PS - Happy to hear from ANY of you.

Chris Sullivan

Bron & Michael,

Had a call from Shammy (Rod Wilson) this morning regarding the reunion.

Julie Johnson (John Harrison's sister) made brief mention of a proposed reunion in conversation a month or so ago ... and I thought nothing more of it, until Rod's earlier call, advising it was a matter of weeks away.

I've just spent a good hour on the website and offer my sincere congratulations to all involved in what has undoubtedly been a mammoth task.

Cutting to the chase, I'll be there and will organise payment today ... assuming it's not too late to register.

Brief history ... nothing much to tell really, married to Joanne (Farr), after finally figuring out how it worked, successfully produced two children (Jaclyn 13 & Daniel 11), still in advertising and living at Copacabana on the Central Coast.

Kind regards,
Chris.

Chris Sullivan.
